

Wednesday 05th				
	Sala Arquivo	Sala Infante	Sala D. Luis	Sala D. Maria
8h:30	Presidential Lecture Rado Zic (Zagreb, Croatia) ESPRAS President "Qon Vadi - Plastic Reconstructive Aesthetic Surgery"	Keynote Lecture Maria Gomez (Colombia) "UNAL Flaps concept in face reconstruction"	Keynote Lecture JP Hong (Ulsan, South Korea) "Evolution to supermicrosurgery"	Keynote Lecture Thomas Rapp (Graz, Austria) "Minimal facial treatment"
8h:30-9h	Keynote Lecture Ricardo F. Mazzola (Milano, Italy) "Plastic and Aesthetic Surgery: Origins and Development. A Fascinating Journey from the First operation to World War II"	Efthym Demiri (Thessaloniki, Greece) "Simultaneous delayed breast and limphedema reconstruction: na algorithm using a combined DIEP Lymph node flap"	Keynote Lecture Anna Elander (Göteborg, Sweden) "Aspects of excess skin in relation to massive weight loss"	Keynote Lecture Mark Henley (Nottingham, UK) "Staying out of trouble and avoiding unhappy patients"
9h-10h30	EURAPS Session "Prosthetic vs. Autologous tissue in breast surgery" Moderators: Fabio Santarini di Pompeo (Rome, Italy) Milosir Ninkovic (Munich, Germany) 1. Conservative trend in Implant Based Breast Reconstruction - Francesca De Lorenzi (Milan, Italy) 2. Basic science strategies to transform body fat grafting into a full reconstructive alternative - Ramon Llad (Malorca, Spain) 3. The hybrid solution of composite vascular anastomosis - Jean-Henry (Paris, France) 4. Total autologous FALD flaps: why, when and how - Efthym Demiri (Thessaloniki, Greece) 5. Innovations in free tissue transfer for breast reconstruction - Detmar Ulrich (Nijmegen, Netherlands) 6. Individual variability of the lower abdominal perfusion: effects on operative strategy in breast reconstruction - Nicola Briner (Munich, Germany)	Instructional Course Vascular Anastomosis Moderators: Stephen Sparrow (Olea, Austria) and Beatrix Berenguer (Madrid, Spain) 1. The role of surgery in the treatment of vascular disease - Beatrix Berenguer (Madrid, Spain) 2. Diagnostic and management pathway for venous malformation - Julien Coulic (Brussels, Belgium) 3. Decision making for surgical or non-surgical treatment - Erol Haskaly (Gene, Austria) 4. Plastic surgery solutions for difficult cases with congenital vascular anomalies - Stephen Sparrow (Olea, Austria) (20m + 20m discussion)	Post Bariatric and Body Contouring Moderators: Alexander Langer (Munich, Germany) and Luca Barozzi (Brescia, Italy) 1. "Reconstruction of large breasts: a better solution" - Rado Zic (Zagreb, Croatia) 20m 2. "Upper and lower body lifting" - Maria Luz Barrozo (Lima, Portugal) 20m 3. "Tight and functional procedure" - Alexander Langer (Munich, Germany) 20m 4. "Abdominoplasty and Patient Safety: The impact of the first Breast Surgery on Complications Profile" - Dr. Brina (Lisboa, Portugal) 20m 5. Discussion 10m	Aesthetic Face I Moderators: Mark Henley (Nottingham, UK) 1. The "9 Lip" and my approach to postoperative reconstruction - Malcolm Reid (Ipswich, UK) 2. My approach to the challenges of secondary surgery for implants, complications and unhappy outcomes - Simon Eddis (London, UK) 3. My approach to the challenges of secondary surgery for implants, complications and unhappy outcomes - Simon Eddis (London, UK) 4. Final Discussion
10h:30-11h			Coffee break	
11h-11h30	Keynote Lecture Milosir Ninkovic (Munich, Germany) "From innovation to clinical excellence - personal contribution"	Keynote Lecture Erik Santamaria (Mexico City, Mexico) "What to do after a failed free flap in head and neck reconstruction"	Keynote Lecture Dirk Schaefer (Basel, Switzerland) "Current Strategies in Lower Limb Salvage"	Keynote Lecture Ulric Alkhan (Ljubljana, Slovenia) "Breast Reconstruction Journey: from eyeballing to 3D Modeling"
11h30-13h	EFSM session "Old and new in upper extremity microsurgical reconstruction" Moderator: Alexandru Georgescu (Cluj, Romania) 1. Emergency toe transfer in mangled hand: are there any limits for indications? Alexandru Georgescu (Cluj, Romania) 2. Dapivone injuries of the Elbow: Eftym Demiri (Thessaloniki, Greece) 3. Video Orthopedic approach in challenging upper limb reconstruction - Marco Inceccati (Florence, Italy) 4. Elbow flexion recovery after transfer of the neurovascular tropes in adult brachial plexus aple - Jean-Henry (Paris, France) 5. "Replantation and spare parts surgery" - Rado Zic (Zagreb, Croatia)	Head and Neck I Medium Reconstruction Moderators: Giorgio De Santis (Modena, Italy) and Robert Walton (Chicago, USA) 1. "Unfavorable outcomes in maxilla and midface reconstruction: genesis, prevention strategies and management" - Peter Grotzer (New York) 2. "Maxillary reconstruction: algorithm and concepts. The free cranial flap" - Nicolas Costa (Lisboa, Portugal) 3. "New reconstruction of the maxilla and maxilla bone made CASCAR" - Jan Tronckx (Leuven, Belgium) 4. "Tensile indication in maxilla reconstruction" - Giorgio De Santis (Modena, Italy) 5. "Current approaches to total and sub-total nasal reconstruction" - Robert Walton (Chicago, USA)	Lower Limb Reconstruction Moderators: Ulrich Inzer (Germany) and Dirk Schaefer (Basel, Switzerland) 1. Reconstruction of the vascular compartment Lower Extremity - Ulrich Inzer (Ludwigshafen, Germany) 2. Functional Microsurgical transfer of the lower extremity - Milosir Ninkovic (Munich, Germany) 3. Sensory reconstruction of the lower limb - Oskar Almonro (Vienna, Austria) 4. Anatomy of the Tibial and Peroneal nerve - Luis Mascherbauer (Vienna, Austria) 5. Achilles Tendon Reconstruction - Jose Pineda (Alicante, Switzerland) 6. Revascularization for Bony Non-unions - Steven Le Clézio (Scotland) 7. Orthopedic Surgery Concept for implant-associated infections - Rik Chang (Basel, Switzerland)	Breast Reconstruction Session I "Need for European standards for breast reconstructions established by Plastic Surgery" Moderators: Anne Elander (Göteborg, Sweden) and Emma Hansson (Sweden) 1. Quality indicators, training requirements and summary of ESCOMAS statements - Emma Hansson (Sweden) 20 min 2. László Miháics (Eggenstein, Denmark) 10 min 3. Philip Brouwer (Ghent, Belgium) 20 min 4. Fabio Santarini di Pompeo (Rome, Italy) 20 min 5. "Measure quality, the role of indicators and how practice is organized in the Netherlands" - Hine Raaijmakers (Groningen, Netherlands) 20 min 6. Ruth Waters (Birmingham, UK) 20 min 7. "Breast Reconstruction Training and Practice in Portugal" - Carolina Andreias (Guia, Portugal) 10 min 8. Germany 10 min 9. Summary and plan for a study 5 min 10. Discussion 5 min
13h-13h30	Opening Ceremony 1. ESPRAS President - Prof. Rado Zic (4min) 2. CEO Portuguese NHS, Chairman Board of Directors CHUS - Prof. Fernando Araújo (4min) 3. Portuguese Past Minister of Health 1995 - 1999 - Dr. Maria de Beáta Rosa (Pre Recorded 2min) 4. Portuguese Past Minister of Health 2015 - 2018 - Prof. Adalberto Campos Fernandes (Pre Recorded 2 min) 5. Rector of Aveiro University - Prof. Paulo Jorge (3 min) 6. Chairman Board of Directors CHUS/Eggenstein - Dr Rui Guimarães (3min) 7. ICOP/AST President - Prof. Robert Murphy (5min) 8. EBOPRAS President - Prof. António Portuquês (5min) 9. ESPRAS Congress 2022 President / EBOPRAS Fellow and Delegate - Prof. Horácio Costa (2min)			
13h30-14h30			Lunch	
14h30-15h	Keynote Lecture Alexandru Georgescu (Cluj, Romania) "A doctor's journey in reconstructive microsurgery"	Keynote Lecture Georgia Spyropoulos (Thessaloniki, Greece) "Preliminary Head reconstruction"	Keynote Lecture Mark Clemens (Houston, USA) "Beauty from ashes - the agony and the ecstasy of irradiated breast"	Keynote Lecture Ruth Waters (Birmingham, UK) "How to train surgeons in reconstructive breast surgery"
15h-16h30	WRSN Session Moderator: JP Hong (South, Korea) 1. New innovations in microsurgical of the nose - Robert Walton (Chicago, USA); 2. Advances in lymphedema - David Chang (Chicago, USA); 3. Supermicrosurgery - application in lower extremity - JP Hong (Ulsan, South Korea); 4. Microvascular breast reconstruction - What I have learned - Gregory Evers (Irvine, USA); 5. Extended and atypical indications in free reconstruction - Giorgio De Santis (Modena, Italy)	Rhinology Society - Looking for excellence Moderator: Paolo Piccinetti (Rome, Italy) and Vigit Tiftakçioğlu (Izmir, Turkey) 1. Rhinoplasty - surgical anatomy and function of the external and internal nasal valves - Nuno Medeiros (Goia, Portugal) 20 min 2. Preparation or reconstruction of the middle vault in rhinoplasty - Vigit Tiftakçioğlu (Izmir, Turkey) 20 min 3. Secondary rhinoplasty - Reconstructing Nasal Tip - Sabahattin Çimen (Istanbul, Turkey) 20 min 4. Secondary rhinoplasty - Reconstructing the Dorsum and the Middle Vault - Sabahattin Çimen (Istanbul, Turkey) 20 min 5. Sin Grafts in Aesthetic and Reconstructive Rhinoplasty - Paolo Piccinetti (Rome, Italy) 20 min	Breast Bio-ALIC Session "Update from the 4th World Consensus Conference" Moderators: Fabio Santarini di Pompeo (Rome, Italy) and Mark Clemens (Houston, USA) 1. Update on Bio-ALIC performance - Alán Alcará (City, Country); 2. Epidemiology of Bio-ALIC: causal relationships and level of evidence - D. Pennington (City, Country); 3. Breast implant registries: an overview - DB Lomete (City, Country) 4. Management of Bio-ALIC patients: from suspect to diagnosis and treatment - Mark Clemens (Houston, USA); 5. An inflammatory breast classification of breast implants - Michael Özcan (Rome, Italy) 6. Patterns of risk of Bio-ALIC prophylaxis management - Fabio Santarini di Pompeo (Rome, Italy)	European Trainees Session Moderators: Martha Azevedo (Lisboa, Portugal) and Miriam Vireiro (ICOP/AST Resident Europe's Coordinator) (B. Coimbra) (Represented by their own PRG Topics) 4 minutes presentations: David Basciote (Portugal) Carla Santarini (Spain) Kater Taylor (United Kingdom) Francesca Lalli and Silvia Ciomochi (Italy) Hina Mihalovic (Croatia) David Boyarskoy (Denmark) Charley Tapke (Germany) Judy Hild (Australia) Giuseppe Leteri (Romania) 2. "ESPRAS Survey on Continuing Education in Plastic, Reconstructive and Aesthetic Surgery in Europe" European Trainees Forum (17h45-18h15)
16h30-17h			Coffee break	
17h-18h30	ICOP/AST - ICOBRA Session Moderators: Hine Raaijmakers (Eindhoven, Netherlands) and Rado Zic (Stockholm, Sweden) 1. Video "The Spanish breast implant registry" - Javier Morán (Albacete, Spain) 2. "The UK breast and axillary node registry" - Ruth Waters (Birmingham, UK) 3. Video "The Italian breast implant registry" - Antonella Campana (Rome, Italy) 4. Video "The German breast implant registry" - Uwe von Fritschon (Berlin, Germany) 5. "The Swedish breast implant registry" - Rado Zic (Stockholm, Sweden) 6. "Finding answers for BR by connecting the Dutch Breast Implant Registry to the GP database: results of a data interoperability" - Jolanda Huisman (Netherlands) 7. "ICOBRA: lessons learned from pooling and standardizing, where do we go from here?" - Hine Raaijmakers (Eindhoven, Netherlands) 4 Discussion	RSE Session Rhinology Society of Europe Moderator: Helena Sáenz (Paris, Portugal) and Martin Haug (Basel, Switzerland) 1. Preparing rhinoplasty - preassessment, patient information, pre-OP analysis (functional assessments, 2D and 3D photography) - Helena Sáenz (Paris, Portugal) 2. The role of central framework technique in rhinoplasty - Sebastian Haack (Stuttgart, Germany) 3. Middle Vault - The Spine Roof Technique - Miguel Gonçalves Ferreira (Porto, Portugal) 4. Tip surgery, nature transition, cartilage maneuvers in the context of nasal anatomy - Werner Hepp (Karlsruhe, Germany) 5. Alar base analysis and corrective maneuvers - Haldan Kamburoglu (Ankara, Turkey) 6. Autologous cartilage in rhinoplasty and the future of cartilage tissue engineering - Martin Haug (Basel, Switzerland) 7. Apply the above-mentioned 2 cases (consent, preservation) - Sebastian Haack (Stuttgart, Germany) and Gonçalves Ferreira (Miguel, Porto, Portugal) Experts: Werner Hepp (Karlsruhe, Germany) and Haldan Kamburoglu (Ankara, Turkey)	Free Papers - Lower Limb (6 min) Moderators: Carla Diego (Portugal) and Carla Brandão (Portugal) 1. "Single Centre Experience with the Superficial Circumflex Iliac Artery Perforator (SCIP) Flap for traumatic limb defects: First year of a regional major trauma network during a global pandemic" - Ahmad Emam (UK) and Mohd Haniffan (UK) 2. "Soft tissue coverage of the ankle: experience in a newly established Major Trauma Network in the UK and new algorithms for management" - Ahmed Elwan (UK) and Thomas Gieddels (UK) 3. "Local fasciocutaneous flaps in lower limb reconstruction: a single-centre orthopaedic experience" - Ertim Nihalovic (Belgrade) 4. "Reconstruction of humeral shaft defects with free flap" - Joana Costa Silva (Portugal) 5. "Keystone flap for treating wound healing complications after knee orthopedic surgery" - Jorge Correia Pinto (Portugal) 6. "Intersegmental Lower Limb Collarotomy (INTELLECT) (bony, multilevel, intersegmental retroperitoneal flap) of lower extremity open fractures" - Juan Enrique Barrio (UK) 7. "Traumatic leg injuries - Where do we Stand?" - Miguel Ribeiro Mendes (Portugal) 8. Video "The reverse sural artery flap: a review of 136 cases at a single institution" - Sebastian Leuchter (Portugal) 9. "The Preferred Reconstructive Choice for a Lower Third Tibial Exposure Defect: an Online Survey of 369 Microsurgeons" - Ursula Colben (Germany) 10. "Keystone design perforator flap flap: clinical use and modification for reconstruction of lower limb soft tissue defects" - Biseria Nikolova (North Macedonia) 11. "Outcomes and risk factors in microsurgical foot/ankle reconstruction" - Michael May-Bedier (Germany) 12. "Rotational flap for treatment of skin cancer - an unexplored field" - Manuel Vieira (Portugal) 13. "Hidradenoma Suppurative: Literature review and reconstructive serie of cases" - Pedro Machado (Portugal) 14. Discussion 2min	Free Papers - Breast Reconstruction (6 min) Moderators: Augusta Cardoso (Portugal) and Rui Barbosa (Portugal) 1. "Management of skin necrosis in implant immediate breast reconstruction" - Andreia Menuts (Romania) 2. "Skin reduction immediate breast reconstruction with silicone implants in prepectoral approach with axillary dermal matrix (ADM)" - Andreia Menuts (Romania) 3. "Preventing lateral migration of implants in reconstruction of large breasts in skin sparing mastectomy: a technical detail" - Artur Nuno Martins (Portugal) 4. "Breast reconstruction with autologous tissue versus prosthetic: patient satisfaction, overall success, and complications" - Diego Andrade Guimarães (Portugal) 5. "Postoperative seroma formation in immediate breast reconstruction" - Maria Fernanda de Albuquerque (Portugal) 6. "Extreme oncological surgery: how to avoid mastectomy in selected cases of malignant breast tumor" - Patricia Costa (Portugal) 7. "The role of density in achieving volume and weight symmetry in autologous and implant-based breast reconstruction" - Michael May-Bedier (Germany) 8. "Results in direct to implant breast reconstruction outcomes in irradiated vs non irradiated breast" - Diego Andrade Guimarães (Portugal) 9. "Comparing Polyethylene ADM implant cover to the practical Breast Reconstruction: Short-term complications" - Jorge Correia Pinto (Portugal) 10. "Axillary Dermal Matrix (ADM) in breast procedures: current trends" - Marta Van Mourik Zoon (Portugal) 11. "A modified vertical pattern with dermal sling for skin sparing mastectomy (SSM) and immediate autologous breast reconstruction in post-implant breast application and clinical outcome" - Grigori A. Avel (UK) 12. "Immediate breast reconstruction: 3 years experience of a tertiary hospital" - Maria Azevedo (Portugal) 13. "Single Breast Reconstruction with Bilateral Profunda Artery Perforator Flaps" - Gustavo Neves Pereira (Portugal) 14. Discussion 12 min
18h30-19h30	Free Papers - Microsurgery (5 min) Moderators: Ana Sofia (Portugal) and Ana Portugal 1. "Microsurgery in pediatric patients: where we are and where we are going: A systematic review" - Baldo Andreu Lora (Spain) 2. "Free crest flap and its applications" - Marta Abrego (Columbia) 3. "Study of Smoking as a Risk Factor for Flap Loss: Experience of a Reference Center in Colombia" - Sara Carolina Torres Acosta (Columbia) 4. "Radiotherapy as a risk factor for flap loss in reconstructive surgery: Experience of a reference center in Colombia" - Sara Carolina Torres Acosta (Columbia) 5. "The Use of Negative Pressure Wound Therapy in Free Tissue Transfer: Risk of Abscess?" - Dr. Domstetter (Germany) 6. "Profunda Artery Perforator flap as alternative to the Anterolateral Thigh Flap" - Gustavo Neves Pereira (Portugal) 7. "Reconstruction of a Giant Malignant Hemangioma of the Thorax with a Free Deep Inferior Epigastric Artery Perforator (DEEP) Flap" - Isaac Kung'uiri (Kenya) 8. "Tubed myocutaneous pectoral major pedicle flap: a salvage reconstruction flap in esophageal reconstruction" - Leonor Canas (Portugal) 9. "Correction of long standing Post-burn hand web contracture" - Ahmed M. Gad (Egypt) and Ahmed Haidi (Egypt) 10. "Hand/forearm Reconstruction, state of the art" - Vera Eiri (Portugal) 11. "Policization, the best functional outcome" - Mariana Agostinho (Portugal) 12. Discussion 5 min	Free Papers - Plastic Maxillofacial (4 min) Moderators: Carolina Gaspar (Goia, Portugal) and Daniel Barreira (Goia, Portugal) 1. "Treatment of Labio-Mental Sinusitis with The Deep Superior Artery Orale (DSAO) Muscle Transfer and Selective Mucosal Denervation: A New Technique" - André da Luz Figueira (City, Country) 2. "A systematic review of autologous fat grafting in the treatment of head and neck cancers" - Aysha Abu Hassan (City, Country) 3. "Toliposarcoma of the maxilla in a young woman: A challenging reconstructive case" - Carolina Gaspar (Goia, Portugal) 4. "Craniomaxillofacial Implants in One-Only Otolaryngological Surgery" - Helena Sivaia (Paris, Portugal) 5. "A Multidisciplinary Approach to the Management of a Large Salivary Gland Tumor" - Helena Sivaia (Paris, Portugal) 6. "Complete Two-layered Reconstruction of the Upper Lip Using combination of free and transposition skin flap following Complete Resection for Squamous Cell Carcinoma - case report" - Dionisio Diniz (City, Country) 7. "The Supraorbital Artery based Flap for Pharyngeal Reconstruction: A Literature Review" - Eren Nihalovic (City, Country) 8. "Facials: How can we contribute to plastic surgeons?" - João Henrique Abade (City, Country) 9. "Central Giant Cell Granuloma - surgical resection and free flap reconstruction: analysis of three cases" - Larissa Laranjo (Goia, Portugal) 10. "The Dorsal Temporal Flap for Partial Reconstruction of the Lip" - Case Series of an OP Forgotten Surgical Option" - Rhodi Davies (City, Country) 11. "Hydratic nasolabial cutaneous excision and reconstruction: An arduous challenge" - Baldo Andreu Lora (City, Country) 13. "Basal cell adenocarcinoma - review of etiologic and reconstructive approaches" - Ana Isabel Martins (City, Country) 14. "NICI and TECH: the spectrum of congenital hemangioma - case report" - Marta Van Mourik Zoon (City, Country) 15. "Sublabial Flap: An overlooked option in a Microsurgical of the Lip" - Ruben Malcata Nogueira (City, Country) min	ESPRAS National Delegates Council Meeting / Elections	Free Papers - Breast Reconstruction (5 min) Moderators: João Mado Martins (Portugal) and Francisco Carvalho (Portugal) 1. "The role of polyethylene breast implants in immediate and delayed breast reconstruction - state of the art" - João Mado Martins (Portugal) 2. "Delayed Breast Reconstruction after Mastectomy and Radiation: DIEP or External Expansion with Fat Transplantation" - Ansel Basci (Romania) 3. "Calculating Cost-effectiveness of 3D printed Models in Unilateral DIEP Breast Reconstruction" - Constantia van Laarhoven (Netherlands) 4. "Breast shading based on the internal mammary artery perforator flap: a valid alternative to free flaps surgery" - Antonio Spagnoli (Italy) 5. "Microsurgical breast reconstruction comparative study - complications and satisfaction" - Gonçalo Tomé (Portugal) 6. "Supercharging DIEP Flaps using Contralateral Superficial Inferior Epigastric Vein Grafts" - Gustavo Neves Pereira (Portugal) 7. "The sequelae of post-mastectomy radiotherapy on DIEP flaps - a comparative cost analysis of clinical and postoperative outcomes" - Chee Chee Tang (UK) 8. "Breast Inset of DIEP Flap in delayed breast reconstruction: A novel technique for improved pocket creation, projection, and lateral flap" - Samir Ghazi (UK) 9. "Breast Cancer Recurrence Following TRAM/DIEP reconstruction" - Filipe Dilva Monte (Portugal) 10. "From one-step two-stage subject to prepectoral" - Ruben Malcata Nogueira (Portugal) 11. Discussion 10 min
19h30			Welcome Reception	

Thursday 06th					
	Sala Arquivo	Sala Infante	Sala D. Luis	Sala D. Maria	
8h-8h30	Keynote Lecture Rado Zic (Zagreb, Croatia) <i>ESPRAS President "How radical debridement and microsurgery changed the treatment of war wounds"</i>	Keynote Lecture Eric Santamaria (Mexico City, Mexico) <i>"Two decades of personal contribution to head and neck microsurgery reconstruction"</i>	Keynote Lecture Fabio Santaneli Di Pompeo (Rome, Italy) <i>"Robbing Peter to pay Paul in breast reconstruction"</i>	Keynote Lecture John Tzou (Vienna, Austria) <i>"Management of facial palsy - first consultation diagnostic, possible surgical and conservative therapy and post-operative procedures"</i>	
8h30-9h	Keynote Lecture Nenad Stepic (Belgrade, Serbia) <i>"Plastic surgery in the war wounds treatment"</i>	Keynote Lecture David Chang (Chicago, USA) <i>"The Impact of Microsurgery on Cancer Reconstruction"</i>	Keynote Lecture Philip Blondeel (Gent, Belgium) <i>"The ever evolving paradigm in breast reconstruction"</i>	Keynote Lecture Birgit Stark (Stockholm, Sweden) <i>"Modern treatment of facial paralysis: a paradigm shift"</i>	
9h-10h30	JPRAS Session Journal Plastic Reconstructive Aesthetic Surgery <i>"Best published papers selection"</i> Moderators: Andrew Hart (Glasgow, Scotland) Daniel Kalbarmatten (Geneva, Switzerland) Moderators: The Changing Plastic Surgery Publishing Environment" Andrew Hart (Glasgow, Scotland) (New York, USA) 2. Most cited paper of year to date "Risk of breast implant associated anaplastic large cell lymphoma (BIA-ALCL) in a cohort of 3546 women prospectively followed long term after reconstruction" Peter Cordeiro (New York, USA) 3. 2nd most cited paper of year to date "Autologous versus implant-based breast reconstruction: A systematic review and meta-analysis of Breast-Q patient-reported outcomes" Navid Toyserkani (Odense, Denmark) and Jens Sørensen (Odense, Denmark) 4. "Greatest mixed metric impact of year to date -Hinne Rakhosht "Moving breast implant registries forward - are they FAIR and Functional?" Hinne Rakhosht (Eindhoven, Netherlands) 5. "The governance of overseas collaborations - BFRST/BSSH" Barbara Jemec (Toronto, Canada)	Keynote Lecture Orbitofacial I <i>"Cranioplastic I"</i> Moderators: Richard Hopper (Seattle, USA) and Horacio Zentia (Lisbon, Portugal) 1. "Orbitofacial double jaw advancement for the treatment of obstructive airway disease" - Richard Hopper (Seattle, USA) 15 min 2. "How to improve our results in cleft lip surgery" - Jacques Sablay (Toulouse, France) 15 min 3. "Orbitofacial Surgery in cleft lip patients" - Julio Matias (Lisbon, Portugal) 15 min 4. "Orbitofacial Distraction in alveolar and palatal clefts" - Alberto Pereira (Lisbon, Portugal) 15 min 5. "3D technology and virtual planning in Orbitofacial Surgery" - Horacio Zentia (Lisbon, Portugal) 15 min 6. "Correction of congenital and post-traumatic craniofacial deformities" - Selahattin Ozmen (Turkey) 15 min	Keynote Lecture Breast Reconstruction Session II <i>"Unilateral implant-based breast reconstruction and symmetrization procedures"</i> Moderators: Urs Alcan (Ljubljana, Slovenia) and Carolina Andersen (Goia, Portugal) 1. When implant-based breast reconstruction fails, what's next - Philip Blondeel (Gent, Belgium) 15 min 2. Prepectoral vs subpectoral reconstruction - João Anacleto (Lisbon, Portugal) 10 min 3. PU Implants vs ADM - Hugo Siqueira (Braga, Portugal) 10 min 4. Prophylactic mastectomy and genetic testing: an update - Isabel Oliveira (Porto, Portugal) 10 min 5. Revision surgery after implant-based breast reconstruction, what is effective - Urs Alcan (Ljubljana, Slovenia) 15 min 6. Clinical Measurements in Implant Based Breast Reconstruction and Augmentation - Influxance on Subsequent Chances - Cristian Radu Ilean (Bucharest, Romania) 15 min 7. "Immediate Symmetrization in Breast reconstruction with Deep Flap" - Carlos Pinheiro & Gaúka Ribeiro (Lisbon, Portugal) 10 min 8. Discussion 5 min	Keynote Lecture Facial Reanimation - In depth Moderators: Georgios Paras (Limassol, Cyprus) 1. "Evolution of Smile" - John Tzou (Vienna, Austria) 2. "Generating a spontaneous smile in the 45 y facial palsy patient: Inevitance of CN3s in dual innervation strategies." - Jan Vranckx (Leuven, Belgium) 3. "Lessons learned from bilateral facial reanimations - Moebius Syndrome" - Georgios Paras (Limassol, Cyprus) 4. "My approach to surgical management of the synkinetic face - does the challenge stop?" - Kallioti Tzafetta (Essex, UK) 5. "Surgical treatment of synkinesis after inflammatory facial palsy" - Birgit Stark (Stockholm, Sweden)	
10h30-11h	Coffee Break				
11h-11h30	Keynote Lecture Andrew Hart (Glasgow, Scotland) <i>JPRAS Editor "Thin Perforator Flaps"</i>	Keynote Lecture Giorgio De Santis (Modena, Italy) <i>"Technical Functional and Aesthetic evolutions after 33 consecutive years of Jaws reconstruction with Fibula flap"</i>	Keynote Lecture Peter Cordeiro (New York, USA) <i>"Implant based breast reconstruction."</i>	Keynote Lecture Alexandru Georgescu <i>"Flow - through flap concept in upper limb reconstruction"</i>	
11h30-13h	EJPS Session European Journal Plastic Surgery <i>"Advanced Masterclass on: Enhancing the value of cellular therapies in Plastic Surgery: from bench side to clinical practices"</i> Moderator: Paolo Persichetti (Rome, Italy) and Michele Zocchi (Torino, Italy) 1. "The Regenerative trilogy, a step forward in advanced regenerative strategies [technical aspects, interdisciplinary clinical applications, advanced ongoing researches]" - Michele Zocchi (Torino, Italy) 2. "Cells in fat grafting: why Plastic Surgeons are at forefront of regenerative medicine" - Ramon Lull 3. "TBC - Luciano Vilela"	Keynote Lecture Head and Neck II Mandible Reconstruction Moderators: Peter Cordeiro (New York, USA) and Horacio Costa (Goia, Portugal) 1. "Fibula flap in mandible reconstruction" - Manirag Ragbir (Newcastle, UK); 2. "A 20-year experience with 202 segmented mandibulotomy defects: a defect classification system, algorithm for flap selection and surgical outcomes" - Peter Cordeiro (New York, USA) 3. Concepts in mandible reconstruction based on 220 clinical cases" - Horacio Costa (Goia, Portugal) 4. "How to improve aesthetic result in mandible reconstruction with fibula flap" - Giorgio De Santis (Modena, Italy)	Keynote Lecture Breast Aesthetic I (No Implants) Moderators: Giovanni Di Benedetto (Ancona, Italy) and Diego Ribuffo (Rome, Italy) 1. "Septum based breast reduction" - Ali Moyalil (Lyon, France) 12 min 2. "Augmentation mammoplasty: my personal journey" - Diego Ribuffo (Rome, Italy) 12 min 3. "New trends in vertical reduction" - Gustavo Cardoso (Goia, Portugal) 12 min 4. "Reduction mammoplasty - using the arrow technique" - Giovanni Di Benedetto (Ancona, Italy) 12 min 5. "Breast reduction: how to do it" - Amelto Strano (Messina, Italy) 12 min 6. "Fat breast augmentation" - Ali Moyalil (Lyon, France) 12 min 7. Discussion 5 min	Keynote Lecture Lymphedema Moderators: John Tzou (Vienna, Austria) and Gustavo Coelho (Goia, Portugal) 1. "Further advances in lymphedema surgery" - JP Hong (Ulsan, South Korea) 2. "LIMPA - a new standard of care in breast reconstruction" - Mark Clemens (Houston, USA) 3. "Goia's 6 years of evolution in lymphedema surgery" - Gustavo Coelho (Goia, Portugal) 4. "Hybrid Lymphedema Reconstruction Surgery" - John Tzou (Vienna, Austria)	
13h-14h15	Lunch				
14h15-14h45	Keynote Lecture Robert Murphy (Allentown, USA) <i>"Globalization of Plastic Surgery in post Covid era: challenges and opportunities"</i>	Keynote Lecture Jan Vranckx (Leuven, Belgium) <i>"Reconstructive plastic Surgery by 2025: homo tecnum"</i>	Keynote Lecture Paolo Persichetti (Rome, Italy) <i>"Tuberosus and Tubular Breast: indications and treatments"</i>	Keynote Lecture Ricardo Horta (Porto, Portugal) <i>"Innovations in Plastic Reconstructive Aesthetic Surgery"</i>	
14h45-16h15	14h45 - 15h30 PRS / PRSGO Session Plastic Reconstructive Surgery Journal <i>"PRS and PRS Global Open Submission Tips and Useful Data"</i> Moderators: Robert Murphy (Allentown, USA) and Gregory Evans (Irvine, USA)	Keynote Lecture Gender Reassignment Moderators: Cenk Demirdover (Izmir, Turkey) and Susana Pinheiro (Coimbra, Portugal) 1. Psychiatric management - Susana Pinheiro (Coimbra, Portugal); 2. Endocrine management of transgender adults - Bano Yurkeli (Izmir, Turkey); 3. Gender affirming surgery: urological complaints, complications and their management option - Ersan Arda (Edirne, Turkey) 4. Male to Female reconstruction procedure - Susana Pinheiro (Coimbra, Portugal); 5. Penile reconstruction in gender reassignment - Cenk Demirdover (Izmir, Turkey) 6. "Facial Feminization" - Gerhard Munding (Austria, USA)	Keynote Lecture Breast Aesthetic II (Implants) Moderators: Stephane de Mortillet (Tours, France) and Mario Pelle Cervallo (Rome, Italy) 1. "Common mistakes in periareolar mastopexy with implants" - Mario Pelle Cervallo (Rome, Italy) 14 min 2. "RAF - Rotating abdominal flap: a new technique to avoid and treat double contour deformities" - Mario Pelle Cervallo (Rome, Italy) 14 min 3. "Augmentation - Mastopexy in Breast Tissue: Indications and Tricks" - Manfred Greco (Catanzaro, Italy) 14 min 4. "Approaches to the tuberos breast" - Stephane de Mortillet (Tours, France) 14 min 5. "Breast implant replacement with polyurethane implant and mastopexy" - Tiago Baptista Fernandes (Lisboa, Portugal) 14 min 6. "Five years of experience with a new Dual Subfascial Plane method of breast augmentation" - Reuf Karabeg (Sarajevo, Bosnia and Herzegovina) 14 min 7. Discussion 6 min	Keynote Lecture Research in Plastic Surgery <i>"JPRAS Editors - Future Translational Directions of Plastic Surgery Research"</i> Moderators: Adam Reid (UK) and Srinivas Madani (Switzerland) 1.
